

The  
**CELEBRATION OF MIND**

Puzzle-Game

by  
Jeremiah Farrell

Each different letter of “Celebration of Mind” is used exactly three times in the following words: ACE, BAM, BID, BLT (the sandwich), CON, FEN, FIT, MIC (microphone or 1099), OLD, RAN, ELM, RFD (rural free delivery), ROT.

The Puzzle. Place the 13 words on the nodes so that any connected nodes have a letter in common. Also any nodes of the same shape are to have a common letter.

The Game. Two players alternately place their distinctive tokens on a completed puzzle. The first to cover three of the same letter wins. To be fair, each player only has six tokens and if First cannot win in six plays the win is awarded to Second.

Gathering 4 Gardner.
